

Mingles

English Version

Material**SWAROVSKI ELEMENTS**

9 x 5052 Mini Round bead 8mm or 5053 Mini Square Bead 8mm

8 x 5328 Bicone Bead 4mm or 5810 Crystal Pearl 4mm

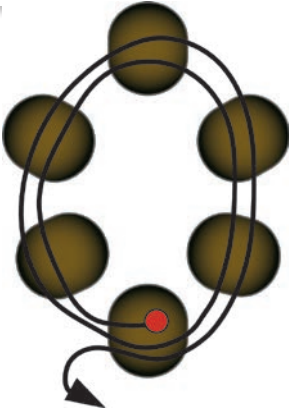

Seedbeads:

2g seed beads size 11°, 1g seed beads size 15°

2 jump rings 5mm, 1 lobster clasp

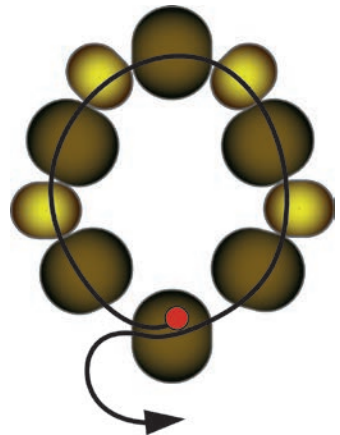

Fireline 6lb test

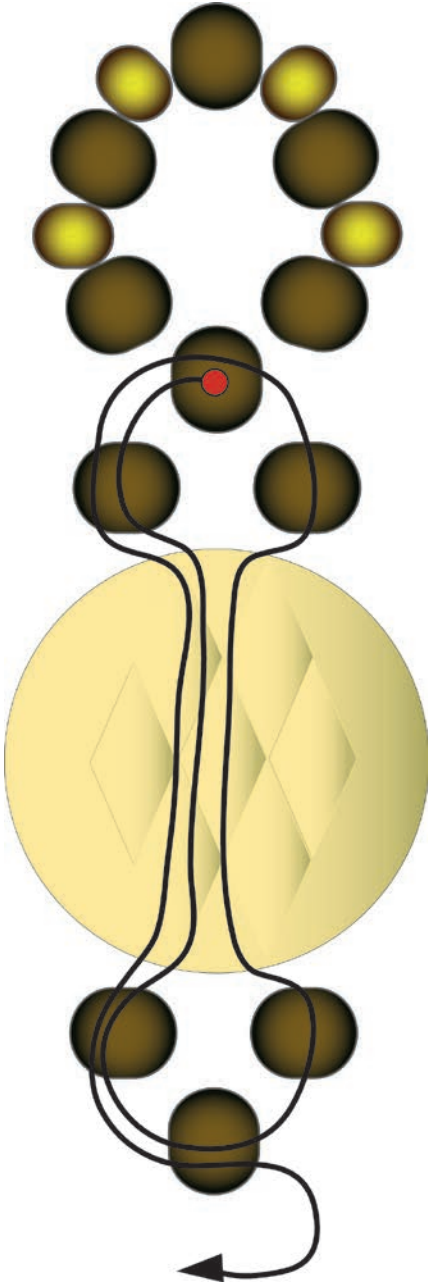

needle size 12

**Step 1**

Take a wingspan of thread, pick up 6 rocailles 11 and make a circle, weave another 2 times through the beads to fix the thread

Add one seed bead size 15 after the 1st, 2nd, 3rd and 4th seed bead, exit from the 6th.

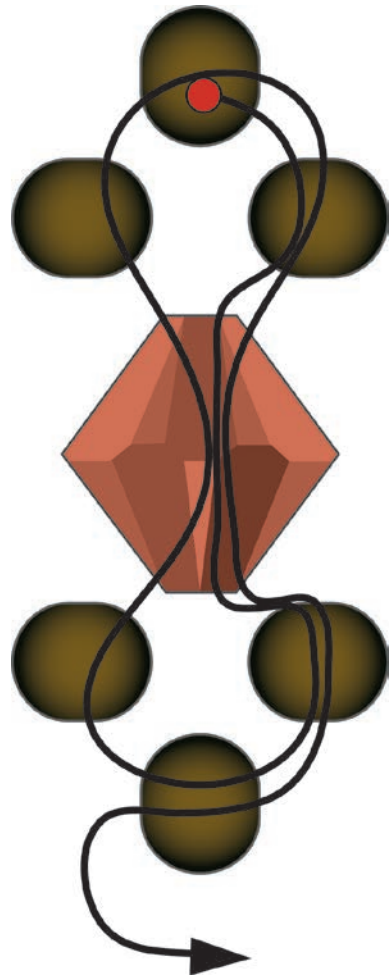

Step 2

Pick up 1 seed bead size 11, 1 mini bead, 3 seed beads size 11, weave back through the mini bead, pick up 1 seed bead size 11 and weave again through the bead where you started. Weave forward and exit from the 2nd of 3 seed bead at the other side of the mini bead.

Step 3

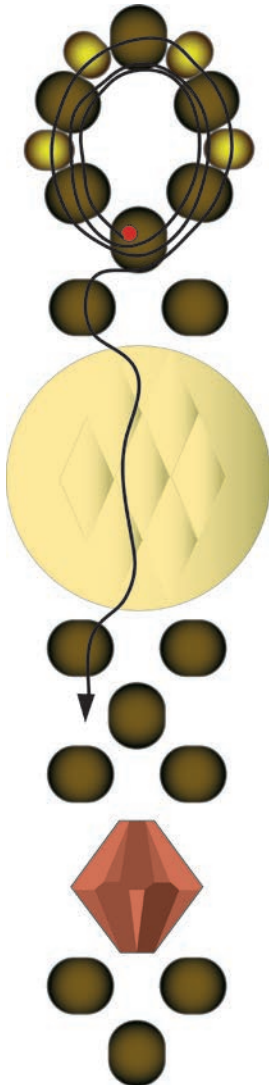

Pick up 1 seed bead size 11, 1 bicone (or pearl), 3 seed beads size 11, weave back through the bicone, add 1 seed bead size 11 and weave again through the seed bead where you started. At the end exit from the middle of 3 seed beads newly added.

Repeat step 2 and 3 in a change until you reached the desired length. Here I made 9x step 2, 8x step 3.

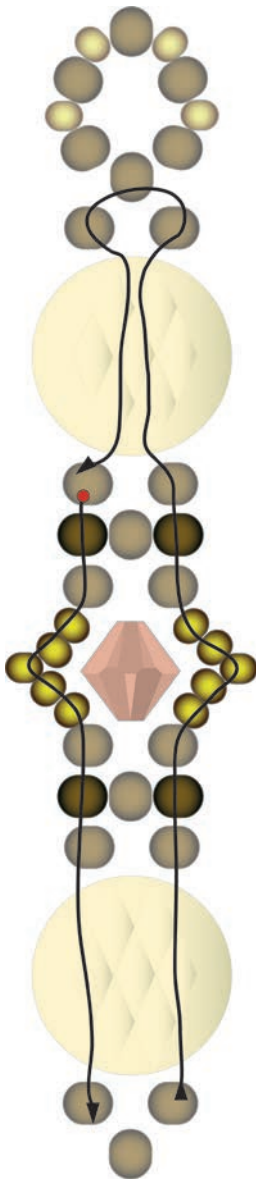

Step 4

Make a second loop at the other end of the bangle.

Weave forward and exit the seed bead size 11 after the first mini bead (see drawing)

Step 5

Weave along the outline and add each 1 seed bead size 11 in between the seed bead size 11 of the base and add 4 or 5 seed beads size 15 above the bicone or pearl. Then add one seed bead size 11 in between the seed beads of the base. Repeat steps until one edge is completed. then turn to the other edge and repeat steps here.

You can replace the bicones with pearls and the Mini Beads with any other bead. Just give it a try.

By the way: Mingles is an abbreviation for Mini Bead Bangles

Some words in the end:

This is a free pattern and I hope you enjoy it.
You may sell pieces you made after this pattern,
as long as it is no commercial mass production.
You may teach it, but please use the original instructions.
Happy Beading!
